Product information

Goalkeeper size: SR

Goalkeeper color: black

TRUE GP 9X3 FE BLACK SR are leg pads for goalies who prefer a clean, understated look for their gear during games and regular practice. Available in senior sizes and in 32 inches + 2 inches, this model is designed for adult goalies who need a perfect balance of protection, range of motion, and the right length.

- Product Type: Goalie Leg Pads
- Model: GP 9X3 FE
- Size: SR
- Length: 32 inches + 2 inches
- Color: black
- IntendedUse: Hockey practice and games

Especially for goalies, the fit of the leg pads determines how natural movements feel during the butterfly position, when shifting sideways, or in tight situations in front of the net. The SR model is designed for adults and is therefore particularly well-suited for club players who choose their equipment not only for its appearance but, above all, for its reliable fit. The black design blends discreetly with existing goalie gear.

The most important factor in selecting the right size is the length: 32 inches + 2 inches should match your height and your usual stance in the goal.
