Protection size-1: SR

BLUE SPORTS SUSPENSORIUM BLUE SR is a jockstrap designed for everyday hockey use, when basic groin protection is an essential part of your gear during practice and games. The Senior model is designed for adult players who are looking for a simple, straightforward solution and who prioritize finding the right size when choosing protective gear.

- Product Type: Hockey jockstrap
- Age group: SR
- Sizes: L, XL
- Intended use: Training and games
- Protection area: Groin protection for hockey
- Fit: Designed for senior sizes

In hockey, in particular, reliable body protection is the foundation of any gear setup. A jockstrap is designed to provide protection in situations where quick movements, physical contact, and fast-paced gameplay place high demands on the equipment. This SR model is primarily aimed at adult club and recreational players who want to put together a functional and straightforward protective gear setup. Sizes L and XL provide flexibility in selection so that the jockstrap can be seamlessly integrated with the rest of the gear.

To make the right choice, compare the senior size with your usual protective gear.
