Protection size-1: JR

BLUE SPORTS BLUE COMBO JR is a groin protection set for young hockey players who need reliable, basic protection during practice or games. The 3-in-1 design with a JR S-sized cup is primarily aimed at junior players who are still developing their skills and at parents looking for a clear, straightforward equipment solution.

- Product Type: 3-in-1 Groin Guard
- Protection area: Lower abdomen
- Design: with cup

Product information

- Protection size: JR
- Cup size: S
- Body protector sizes: S, M, L
- Intended use: Hockey practice and games

Especially for young players, protective gear should simply work and integrate seamlessly into their existing hockey equipment. That's exactly where this set fits in: as a junior-friendly solution for this critical area of protection, without unnecessarily complicating the choice of equipment. The combination of the JR model and a size S cup is well-suited for youth programs, where growth, consistent training, and properly fitted protection go hand in hand.

When selecting this gear, it's worth checking the appropriate body protector size—S, M, or L—to ensure the groin guard fits comfortably and securely during everyday hockey play.
