Protection size-1: JR

PROTEX BLUE JOCK SHORT JR is a jockstrap designed for young hockey players who need a securely fitting basic protective garment during practice or games. The short style with a garter belt combines the groin guard pocket and sock holder into a single piece, making it noticeably easier for junior players to change their gear.

- Product Type: Groin protection shorts for hockey
- Agegroup: JR
- Construction: Shorts with integrated cup pocket

Product information

- Additional feature: Includes a garter belt for securing the socks
- Intended use: Practice and games
- Color: Blue
- Sizes: S, M, L

Especially for younger players and in everyday club life, equipment that fits comfortably and is quick to put on is essential. The combination of shorts and a garter belt keeps the outfit compact and reduces the number of individual pieces of equipment that can slip out of place or get left behind. This is especially helpful for parents and young players when every move needs to be just right before ice practice. As a classic junior design, this model fits well into the basic gear set for regular hockey play.

To ensure the right fit, check the junior size (JR) as well as the desired body size in S, M, or L.
