Product information

Goalkeeper size: INT

Goalkeeper color: black

TRUE WARRIOR CATALYST 7X5 SR BLACK are goalie pants designed for ambitious goalies who rely on mobility and targeted protection during practice and games. Especially when making quick movements in goal, it's important to have pants that move with you and remain comfortable even during intense periods of play.

- Technology: patented Intelligent Body Protection (IBP)
- Protection Areas: Absorbs impacts in high-stress zones
- Ventilation: Mesh lining for air circulation
- Mobility: Designed for fluid movements and quick reactions
- IntendedUse: Ice hockey goalie, practice, and games
- Size: SR in shooter sizes S, M, and L
- Color: black

This design is aimed at goalies who are regularly on the ice and don't want to make any unnecessary compromises when it comes to their gear. IBP technology provides support in the goal area where hard shots and tight game situations are particularly demanding, without significantly restricting the sense of movement. Added to this is the ventilated inner lining, which ensures a more comfortable fit during longer sessions. This way, the pants stay comfortable even when the pace of the game picks up and every reaction has to be spot-on.

When selecting a pair, check the appropriate shooter size within the SR model to ensure that the protection area and freedom of movement align perfectly.
