Shoe color: black

TRUE KUFÉ SHIFT GOALER DLC is a goalie blade designed for the TRUE Shift System and is intended for goalies who value a direct, reliable feel while skating on the ice. The size 6 version, with a width of 4 mm, is sold as a pair and fits goalie skates with a Shift mount.

- System: TRUE Shift Goaler
 - Product Type: Goalie blade for ice hockey skates
 - Technology: DLC finish
-

Product information

- Width: 4 mm
- Size: 6
- Compatibility: Fits TRUE Shift Goaler holders
- Package Contents: 1 pair of blades

In goaltending, every lateral movement across the crease matters just as much as a clean push-off from a standing position. A replacement blade like this is therefore more than just an accessory: it keeps your setup ready for action and ensures that the skate fits your existing mount. The DLC version, as a clearly designated variant, is a key difference from the standard blade and is of interest to goalies who tailor their equipment specifically to their preferred feel on the ice.

To make the right choice, the blade should fit the existing TRUE Shift Goaler mount and the selected skate size.
