Color: white

CCM GITTER PRO CAT WHITE S is a white hockey visor designed for Cat-Eye-style helmets and is intended for players who are looking for a sleek, sport-inspired solution when replacing or assembling a helmet-visor combination. Especially during regular training and games, it's important to have a fit that matches your helmet size and the shape of your face guard.

- Product Type: Hockey Face Guard
- Model: PRO CAT
- Color: white

Product information

- Size: S
- Fit note: Designed for helmet size S and according to the Cat CE M/L designation
- Application: Replacement part for hockey helmets with a compatible mounting

When it comes to face guards in everyday hockey, it's not just about the look—it's primarily about how well they integrate with the helmet and fit the face. As the PRO CAT variant, this CCM model is clearly designed for this purpose. This is particularly relevant for club players and parents in youth hockey when existing equipment needs to be supplemented or replaced after intensive ice time. The white version blends seamlessly into classic helmet setups.

Before making a selection, it's worth quickly checking the helmet size and mounting system of your existing helmet to ensure the faceplate shape and mounting system are compatible.
