The front features Warrior's Detroit logo; in black, the look remains deliberately simple and sporty.

In the world of hockey, equipment that works seamlessly and easily adapts to the daily routine—from the locker room to travel to the arena—is especially important. The adjustable snapback makes the cap suitable for a wide range of head sizes, while the internal sweatband enhances comfort during active daily life. The structured shape maintains a stable silhouette and gives the cap its classic character without looking overdone. This makes it a particularly good fit for club players, coaches, and anyone who wants to show a clear connection to the sport even outside of practice.

With “one size fits most,” the desired width is the main factor determining the fit; the snapback closure allows for quick adjustments.
