## Product information

---

TRUE CATALYST 5X4 SR is a hockey boot designed for ambitious players who seek a close connection to the ice during practice and competition. The modern shell construction is anatomically shaped to provide a precise fit, allowing power to be transferred more directly into the push-off and follow-through.

- Product Type: Ice Hockey Player Boot
- Construction: modern shell construction with an anatomical design
- Fit: Designed to conform to the shape of the foot for a snug fit and high comfort
- Performance benefits: supports power transfer, stability, speed, and agility
- IntendedUse: Regular training and competition-oriented play
- Age group: SR
- Sizes: 7.5, 8, 8.5, 9, 9.5, 10, 10.5, 11, 11.5

It's especially during high-speed play, quick changes of direction, and powerful first steps that you realize how important a well-fitting shoe is in hockey. This model is primarily designed for club players and performance-oriented adults who, in the mid-price range, aren't looking for a soft, standard fit but rather a more direct feel with noticeable stability. The anatomical design helps cradle the foot more effectively, which enhances both comfort and control on the ice during tight game situations.

When choosing the right size, it's worth taking a close look at length and fit so that the snug, performance-oriented fit can reach its full potential on the ice.
