Product information

Shoe color: black

Shoe width: R (Regular)

TRUE CATALYST 5X6 REGULAR INT is a hockey skate designed for players who practice regularly or play for a club team and are looking for more stability, comfort, and a responsive feel on the ice. The Catalyst line is known for its flexible, anatomical fit; here, it's combined with a sporty tuning that supports quick bursts of speed, tight turns, and clean changes of direction.

- Product Type: Hockey skate for regular on-ice use
- Fit: Anatomical and flexible, in shoe width R (Regular)
- Feel: Direct skating feel with a secure fit
- Stability: Designed for practices and games with recurring stress
- Intended use: ambitious recreational players and club level
- Color: black
- Sizes: EU 37.5, 38, 38.5, 39, 40.5, 41
- Skate Size: 4, 4.5, 5, 5.5, 6, 6.5

In everyday hockey play, this design really shines when speed and precise edge work must come together. The foot sits securely in the boot without feeling unnecessarily constricted—a difference that's especially noticeable during regular sessions on the ice. As a result, this model is particularly well-suited for players who want to switch from a basic skate to a more precise and comfortable one without sacrificing value for the money.

When selecting a pair, pay attention to the listed skate size and the regular fit.
