Shoe width: R (Regular)

TRUE HZRDUS 9X JR is a junior hockey boot designed for young players who already practice regularly on the ice and won't settle for anything less than a perfect fit and direct power transfer. With its regular fit, this model is designed for feet of normal width and is available here in skate sizes 3.5 and 5.

- Product Type: Junior Ice Hockey Skate
- Model: HZRDUS 9X JR
- AgeGroup: JR

Product information

- Fit: R Regular
- Shoe width: standard width
- Size: Skate Size 3.5, 5
- IntendedUse: Ice hockey training and games

A well-fitting hockey skate makes a big difference, especially at the junior level: The foot stays stable in the skate, changes of direction feel more controlled, and movements on the edges are transmitted more precisely. This is particularly important as young players improve their technique, get more ice time, and place greater demands on their equipment. The Regular fit helps ensure a balanced fit for feet of normal width without being unnecessarily tight.

When selecting junior skates, it's worth taking a close look at length and width to ensure a secure fit in the heel area and enough room in the forefoot.
