Product information

Goalkeeper Regular/Fullright: Regular
Goalkeeper color: white
Goalkeeper size: YT

WARRIOR ALPHA S30 YT is a catching glove for young hockey goalies who need clean, age-appropriate equipment for practice and games. Available in white with silver accents and in size YT, this model is designed for youth players. The Regular version represents the standard catching glove configuration.

- Product Type: Catching glove for hockey goalies
- Model: ALPHA S30 YT
- Age group: YT
- Style: Regular
- Color: white/silver
- IntendedUse: Training and games for youth players

For young goalies in particular, it's important to have equipment that matches their developmental stage and isn't unnecessarily complicated in goal. This catching glove is designed for junior players and supports familiar handling during daily on-ice training, first matches, or club activities. The Regular configuration makes it easier to integrate into a classic goalie setup, which is also helpful for parents and teams when making a selection.

To make the right choice, it's worth taking a quick look at the YT size and the desired style of the catching glove within your existing goalie gear.
