Accessory color: white

Color: white

PRO EDGE SCHUHNESTEL SPORTSTAPE WAXED is a waxed shoelace for hockey skates, designed to provide a secure fit and a reliable lacing feel on the ice, in the arena, and during regular practice. Especially in everyday club life, when skates or athletic shoes are laced tightly and frequently, the waxed version helps ensure the chosen lacing pattern stays in place.

- Product Type: Waxed Sportstape Shoelaces
- Function: waxed surface for a secure fit
- Applications: Hockey, training, and games
- Length: 305 cm
- Color: white
- Variants: additional lengths: 213, 244, and 274 cm

Unlike regular shoelaces, a waxed version tends to stay in place more reliably when tied. This is particularly important for players and club athletes who value even tension and a consistent fit in their shoes. The white version offers a classic look that complements your gear and pairs effortlessly with many shoe styles. At 305 cm, this length is particularly well-suited for taller or more robustly built hockey shoes, which require a bit more slack when lacing.

To make the right choice, it's worth taking a quick look at the lace length you've used on your shoes so far.
