Product information

Shoe color: black
Stock type: Pair
Shoe width: R (Regular)

TRUE CATALYST 7X4 INT REGULAR BLACKOUT is a hockey boot designed for intermediate players looking for a snug, sport-oriented fit and a responsive feel on the ice. The Regular version, featuring a black Blackout design, is primarily aimed at players in club and training settings who prioritize a snug fit and reliable support.

- Product Type: Ice Hockey Skate
- Model: CATALYST 7X4 INT
- Fit: R Regular
- Age Group: Intermediate
- Color: black, Blackout
- Sizes: Skate sizes 4 through 6.5, including half sizes
- Package Contents: 1 pair

Regular training in particular highlights just how important a proper fit in a skate really is. The Regular width is ideal for players who aren't looking for a particularly narrow or wide fit and want the skate to sit on their foot in a controlled and balanced way. This is especially important for youth and club players, as it ensures smooth movement and predictable performance even during frequent ice sessions.

When selecting a size, the available half-size increments help tailor the fit more precisely to the foot.
