Product information

Goalkeeper color: white

Goalkeeper size: INT

TRUE HZRDUS 7X4 FE INT is a pair of goalie leg pads for youth and junior goalies in size INT who are looking for a perfect combination of mobility, a tight seal, and reliable performance on the ice. The white version maintains the focus on clean, sport-inspired goalie gear.

- Product Type: Goalie leg pads for ice hockey
- Construction: 40% thinner thigh cuff for greater mobility
- Stiffness: 30% stiffer design for tight butterfly and RVH saves
- Toe-tie system: Pro Laces bungee toe-tie system
- Fastening: FRS fastening system with adjustable settings
- Freedom of Movement: Design without foot straps
- Size: INT
- Color: White

The balance of these skates is particularly noticeable during regular training and in intense game situations. The slimmer thigh area supports quick movements when shifting, while the stiffer construction gives the pad a stable shape in the butterfly and RVH positions. This is particularly noticeable when controlling rebounds and minimizing gaps along the ice. Added to this are the Pro-Laces system and the adjustable FRS strapping, which ensure a secure, modern fit without restricting freedom of movement with a foot strap.

For goalie leg pads in INT sizes, it's worth coordinating them with your height and existing goalie equipment.
