4 in stock

Goalkeeper color: black
Goalkeeper Regular/Fullright: Fullright
Goalkeeper size: SR

The FISCHER RC ONE GPRO SR is a goalie stick designed for use in hockey goals and is aimed at senior goalies who prioritize smooth handling during practice and games. The Fullright version is designed for right-handed goalies, and the black color scheme maintains a simple, classic look.

Product information

- Product Type: Hockey goalie stick
- Model: RC ONE GPRO SR
- Age group: SR
- Blade orientation: Fullright
- Color: black
- Length: 25 inches / 63.5 cm
- IntendedUse: Goalie equipment for practice and games

In goal, it's especially important to have a stick that integrates smoothly into your movements without seeming unnecessarily complicated. This model is clearly tailored to the demands of a goalie's daily routine: deflecting shots, controlling rebounds, and quickly positioning the stick in the tight space in front of the net. The senior size is suitable for the corresponding age and equipment class and fits well into a standard goalie setup for club play.

The most important factor in selecting a stick is the correct blade orientation: Fullright is suitable for goalies who hold the stick on the left side.
