Product information

Shoe color: white

The ASICS SKY ELITE FF 3 LADY is an indoor shoe designed for female players who focus heavily on vertical leap, quick transitions, and controlled landings during practice and games. Especially when playing at the net or making dynamic changes of direction, the design—optimized for takeoff and cushioning—makes a noticeable difference. In the white version, the model has a clean and athletic look.

- Technology: RISETRUSS for greater support during takeoff
- Cushioning: FF BLAST PLUS ECO for a softer landing and extra rebound
- Fit: Energy Lock System for a secure fit and stable base
- Feel: Designed for high jumps and controlled landings
- Intended Use: Indoor sports involving frequent jumping and explosive movements
- Color: white
- Sizes: EU 37 to 42

In everyday athletic activity, this shoe's strength really shines when high impact and precise movement must work in harmony. The combination of RISETRUSS and FF BLAST PLUS ECO provides a more direct feel during takeoff without feeling unnecessarily stiff upon landing. In addition, the Energy Lock System holds the foot more securely in the shoe, providing greater stability during repeated jumps and lateral movements. As a result, this model is particularly suited for ambitious indoor athletes who train regularly and are looking for a balanced combination of support, cushioning, and responsiveness.

When choosing a size, take a close look at your usual ASICS fit, especially if you're deciding between two sizes.
