Color: neon green

EXEL VISION BLADE GREEN is a floorball blade designed for players who pay close attention to the blade's feel when replacing or customizing their stick. The neon green version brings Exel's well-known VISION shape to the court and is suitable for both practice and games.

- Product Type: Floorball Blade
- Model: VISION MB
- Brand: EXEL
- Color: neon green
- Stick Type: Left- or right-handed
- IntendedUse: Floor players in floorball

A new blade quickly reveals just how much it affects ball control, passing, and shooting. The VISION MB is primarily aimed at club players and ambitious youth players who are looking for a familiar blade shape or want to fine-tune their setup. As a standalone blade, it's a great choice for a targeted upgrade when your current model is worn out or you want a more direct feel. The eye-catching green design stands out as a distinct option within the Exel lineup.

An important factor in selecting the right blade is the blade orientation: left for right-handed players, right for left-handed players.
