Product information

Color: pink

EXEL AIR CHAMELEON PINK is a floorball stick designed for players who are looking for a lightweight blade with a crisp feel for the ball when replacing or fine-tuning their stick. The white/pink version distills the Chameleon AIR line down to the essentials: precise ball control, a direct feel for the game, and a fresh look on the field.

- Product Type: Floorball Blade
- Model: L Chameleon AIR SB
- IntendedUse: Ball control, passing, and shooting in floorball
- Blade orientation: Left or right
- Color: white/pink, base color pink
- Brand compatibility: Designed as an EXEL blade for compatible floorball sticks of the same design

Club players and those who train regularly pay attention not only to the blade's orientation but also to how light it feels during play. In floorball, an AIR version typically stands for a streamlined, agile setup that supports quick hand movements and provides immediate feedback upon first contact. This is especially noticeable when receiving passes directly or when finishing quickly in tight spaces. The L-shape is designed for players looking for a compatible EXEL replacement blade for their usual stick.

When making your selection, it's important to choose the correct blade orientation (left or right) and ensure compatibility with your existing stick.
