- Playing feel: Designed for controlled ball handling and clean finishes
- Variant: Available for left- and right-handed blade orientation
- Color: neon orange

A blade that doesn't feel unfamiliar during play and keeps up with fast-paced action is especially appealing for club players and regular indoor training. The X-Blade is aimed at anyone looking for an Exel blade as a replacement or to retrofit a compatible stick, while prioritizing a sporty, modern design. In everyday training, the difference becomes especially apparent when first touches, passes, and shots need to work seamlessly without major adjustments.

When selecting a blade, it's important to choose the correct blade orientation: left or right, depending on your usual playing side.
