Product information

Accessory color: black/orange

Accessory size: JR

The FATPIPE EYEWEAR PROTECTIVE SET KIDS is designed for youth hockey and complements equipment in situations where eye protection plays a crucial role during practice or games. The black/orange colorway and JR size are designed for children and juniors, for whom a proper, secure fit is especially important.

- Product Type: Protective eyewear for youth hockey
- IntendedUse: Training and games in junior hockey
- Age group: Kids / JR
- Fit: Designed for children's sizes
- Color: black/orange
- Package Contents: Protective Set

For young players in particular, it's important to have equipment that fits seamlessly into their daily hockey routine. Junior-sized protective eyewear generally meets children's needs better than adult models and can therefore be combined more seamlessly with the rest of their equipment. This set is particularly well-suited for parents, clubs, and coaches who prioritize clear and properly fitting gear for young players.

When it comes to junior equipment, it's worth taking a close look at the size to ensure the goggles fit comfortably and don't slip unnecessarily while moving on the field.
