Product information

Accessory size: JR

The FATPIPE EYEWEAR PROTECTIVE SET JR is designed for young floorball players and offers a practical, everyday solution for training and games. For junior players in particular, it's important to have protective eyewear that fits comfortably and is appropriate for their age group. In the white version, the set has a simple, sporty look.

- Product Type: Protective eyewear set for floorball
- Agegroup: JR
- Intended use: Training and games at the junior level
- Version: Set
- Color: white
- Brand: FATPIPE

In everyday club life, the right pair of protective goggles quickly becomes an essential part of the gear, especially when indoor training, school activities, and matches alternate regularly. This junior set is therefore primarily aimed at young players and parents looking for coordinated and easily identifiable gear. The JR size is tailored to young players and makes it easier to categorize them within their age group without losing sight of what matters most: protection during fast-paced play with a stick and ball.

When selecting a pair, it's especially helpful to check the junior size to ensure the goggles fit the player's age and head size.
