MCDavid ACTIV RUNNING SOCKS GREEN are designed for repetitive movement and are ideal for training sessions, runs, and intense indoor sports sessions. Especially in hockey, where players switch between warm-ups, athletic training, and off-ice drills, functional socks are often a small but noticeable part of a well-coordinated outfit.

- Product Type: Running Socks

For club players and ambitious athletes, what matters most in daily training is that their gear works seamlessly and fits well. That's exactly where these running socks come in: as a sporty addition for off-ice workouts or running sessions during preseason training. The green version adds a bold pop of color without compromising its athletic character.

When selecting a size, it's worth taking a close look to ensure the fit remains consistent inside your shoe.
