Product information

Color: diamond white

FATPIPE CTRL DIAMOND WHITE is a floorball blade designed for players who value a smooth, predictable feel when making contact with the ball. The diamond white design has a clean, sporty look, but the main focus here is on the CTRL blade shape, which ensures controlled play during practice and matches.

- Product Type: Floorball blade
- Model: CTRL
- Finish: diamond white
- Material: PPB
- Size: L
- Blade orientation: Available in left or right
- Intended use: Indoor hockey and regular floorball training

Club players and ambitious young players, in particular, often pay close attention to how cleanly a blade allows them to receive, control, and pass the ball. That's exactly where this blade excels. The CTRL shape suits a controlled playing style, where clean first touches and a reliable feel for the stick are more important than unnecessarily aggressive play. This is just as noticeable in everyday training as it is in tight game situations, when passes need to be handled directly and shots need to be set up cleanly.

When selecting a blade, make sure to choose the correct blade orientation for your stick: left or right.
