Glove color: black

YOKO TWO GLOVES BLACK are designed for cold-weather sessions on snow, when your hands quickly get cold despite being active. The glove combines windproof and water-repellent properties with lightweight insulation, making it ideal for cross-country skiing, ski training, and winter racing, where mobility is just as important as reliable weather protection.

- Product Type: Ski and racing gloves for cold weather
- Weather protection: windproof and water-repellent
- Insulation: Lightly insulated

Especially during longer training sessions or intense workouts in winter, you need a glove that isn't unnecessarily bulky yet still protects against wind and light moisture. The lightweight insulation ensures a balanced feel, while the Velcro closure allows for a precise fit at the wrist. This is especially helpful for athletes who don't want complicated gear to manage between warm-ups, workouts, and short breaks.

For a comfortable fit, it's important to choose the right size so that your hands remain flexible and the glove fits snugly at the wrist.
