Product information

Goalkeeper size: SR

TRUE CATALYST 7X6 SR is a catching glove for hockey goalies designed for a straightforward, no-nonsense equipment choice for everyday training and games. In the white version and size SR, this model is suitable for senior players. The catching glove is available in both Regular and Fullright styles, which is crucial for matching it to your usual stick hand.

- Product Type: Glove for hockey goalies
- Model: Catalyst 7X6
- Size: SR
- Style: Regular or Fullright
- Color: white or white/black
- Intended Use: Training and games in the goalie area

Especially when it comes to a catching glove, it's not just about which side you use—it's also about ensuring the setup matches your usual movements in goal. Anyone who plays regularly for a club or carefully tailors their own equipment therefore looks for a perfect combination of size, hand side, and a familiar feel when catching and securing the puck. As a senior model, the Catalyst 7X6 is clearly designed for goalkeeping and is suitable for anyone who doesn't want to make unnecessary compromises on performance when switching or substituting.

An important factor in the selection process is choosing the correct hand side: "Regular" and "Fullright" differ in the assignment of the catching hand and the stick hand.
